

Minutes of the March 17th, 2021 Parks and Recreation Board

Meeting was called to order at 7:07pm by Ed Kringle

Members Present: Ed Kringle, Brad Dahlstrom, Mitch Dellamuth

Absent: Gary and Mareen

No citizens present

Agenda and minutes from 2-17-21 were approved, motion made by Brad, 2nd by Mitch

Business:

- a) Board approved to have Engineer get plans made for Castek Park Trail project. Motion by Brad, 2nd by Mitch
- b) There were no updates given on the tree replacement since Tracy Griffin wasn't there
- c) Board approved using the monies available to help with costs of the Playground shade structure. Motion by Brad, 2nd by Mitch
- d) Brad and Mitch shared about how the soccer and T-ball league planning was coming along. Sounds like there are already a few signed up and more expressing interest in doing it. They are still working with vendors for equipment and other supplies, but that seems to be going along well.
- e) It was discussed that we might not need to get anyone to volunteer for scheduling at this time. We felt that with the CR Reds already having certain days and along with the City Rec League, there may only be a few days and times left available to offer. If someone wants to work around those things that they would welcome to pick the remaining times open.
- f) Board discussed maybe having the CR Reds have a 2-year agreement since they are doing a lot of the maintenance on the field. If anyone else knows that they are going to be using the field an entire season they would be able to have a 1-year agreement. Tying back in with agenda item e, the CR Reds would also be able to pick the days they would prefer to use the field.

Next meeting date is April 21st, 2021

Meeting was adjourned at 7:48 with a motion by Brad, 2nd by Mitch

Recorded by Ed Kringle
