

Swisher Parks and Recreation Board Minutes

September 15, 2021

Call to order: 7:01pm by Ed Kringle

Roll Call: Ed, Mitch and Brad present

Agenda and Minutes approved

No citizens present

Business:

- a. Trees for Kids Grant- Ed, Mitch and Brad decided to skip for now since we have enough new trees that will need love and care since its so dry.
- b. Flag Football/Soccer Program Updates-Brad said that 55 have signed up and that they are not going to do flag football and just do soccer instead. Lots of 4 year old kids have signed up, but had to combine 6-10 year olds. Going to get shirts with name and a number on the back this session.
- c. Look into options for adjustable ball diamond light poles-Brad volunteered to look into some companies. The 3 of us then spend a bit of time together looking for companies that would possibly be able to meet our needs. Brad was still going to look into more options. Question we had was who was paying the bill for the light replacement? City, CR Reds, Parks budget? More curious than anything.
- d. Added on a couple things- getting the lines painted on the tennis court for basketball when done. Also kicked around the idea of some portable volleyball standards so that if families wanted to come there to practice a more indoor volleyball type of play that there would be options off to the side that they could roll out and set up.

Next Meeting date is for October, 20th.

Adjourned at 7:30
